OBJECTIVE

Finance graduate pursuing a PGDM, with hands-on experience in financial analysis and competitive benchmarking from a completed internship at SBI. Seeking an entry-level corporate finance role — financial analyst, FP&A, or finance operations — to apply analytical skills in SAP FICO, Excel, and financial research toward measurable business outcomes.

WORK EXPERIENCE

Summer Intern, Wealth Management Division

May – Jul 2026

State Bank of India (SBI), Nungambakkam Branch

Chennai, India

- Completed a 2-month internship applying financial analysis and market research methods to evaluate service and business performance, building skills directly transferable to corporate finance and FP&A functions.
- Authored the project report "The Experience Gap for HNIs: SBI vs. Competition," benchmarking SBI's offerings against private-sector competitors; reviewed and approved by the Deputy General Manager & CDO as meeting all study objectives.
- Applied SAP FICO and Excel to organise, analyse, and report on internal financial data for the benchmarking project.

HR & Finance Operations Intern

Aug 2025

Kora Cafe Pvt Ltd (Kora Food Street)
